Christmas at Sotto

We serve up hearty Italian dishes just steps away from the Whitechapel streets above.

This festive season, enjoy the vibrancy of the restaurant, with its semi-private “snug” room, or the privacy of the “orangery” private dining room with its very own green wall and external garden courtyard - perfect for group dining.

Private Dining.

Our private dining room 'The Orangery' is adorned with velvet drapes and offers organic daylight with its own ceiling skylight and feature botanical wall from award winning florist Elizabeth Marsh.

The room is complimented with its own private inner courtyard 'Terrazza' a botanical and street art inspired out door space.

The Orangery offers guests their own private Terrazza courtyard adorned with tropical botanicals festoon lighting and creative walls from street artist Sam Kerridge.
